

CD Power Pty Ltd is committed to managing all our operations in an environmentally responsible manner at all times. We care about the environment, and we ask our contractors to do the same.

To ensure environmentally responsible behaviour is accepted as an integral part of our operations, we specifically undertake to:

- Conduct operations in compliance with all applicable legal and statutory obligations
- Prevent pollution occurring from our activities and operations
- Encourage a sense of environmental responsibility among all employees through training, education and communication
- Communicate this policy to our employees, business associates, contractors and the wider community
- Educate our employees and contractors on their environmental responsibilities and ensure this information is integrated into their training, work practices and decision making
- Monitor and evaluate our environmental initiatives through an auditing programme
- Continuously improve the environmental performance of CD Power Pty Ltd

As the Managing Director, I am committed to working with CD Power personnel to ensure that his policy is communicated, understood, accepted and successfully implemented by all CD Power employees and contractors.
